Chapter 1 : Introduction and Welcome

Welcome to the Andale Lister Pro!!

This manual will take you through the step-by-step process of creating your first listing in Andale Lister Pro. Each chapter will cover a section of the Lister Pro, which you can use to follow along with as you create your first listing, or reference in your future listing creations. As you read through this manual, you will notice tips that will assist you in determining your options, but these are not required.

1. Getting Started

Before you create your first listing with Andale Lister Pro is highly recommended that you have created your Product Settings on the Main Site. This is very important for Lister, Checkout (including Refund and Feedback Manager). To access your settings pages, log into your account at www.andale.com and select the appropriate Product Tab, and then Product. The settings pages are located in the Top Navigation Box for your products.

Typically, a users will have created at least a few ads on the Andale main site and completed their settings before they download the Lister Pro, and suggest that if you have not done this, that you may wish to create a few ads on the main site so that you understand how the various components work together.

To begin using Lister Pro:

1. Download Lister Pro Application
2. Open the Lister Pro and install on your computer
3. Take the Tour (optional)
4. Receive Information

Once you have completed the above step, you will be at the Grid View of your lister pro.

1.1 Create a New Listing

Select NEW from the top navigation bar to begin creating your first listing.

FIGURE I. Select New

2. Item Information

The Item information page is the first tab of your One Step Lister and contains your inventory and listing details. Once you have completed and saved a listing, items entered in the One Step Lister will appear in the grid view. While you may enter all the information directly on the grid, to get started you should create your ads with the One Step Lister View. As you become more advanced, you may find you wish to use the grid view. Items that display a red arrow beside them are required to complete your listing.

The screenshot shows the 'One Step Lister' application window. At the top is a toolbar with icons for 'Save As', 'Preview', 'Check For Errors', and 'Send To Outbox'. Below the toolbar are five tabs: 'Item Information' (selected), 'Description', 'Checkout Settings', 'Preview', and 'Advanced'. The 'Item Information' tab contains five sections:

- 1. Item Details:** Includes fields for 'SKU' (with a 'Browse Inventory' link), 'Ad Name', 'Quantity In Stock' (set to 1), and 'Cost Price' (set to \$0.01).
- 2. Select Market:** Radio buttons for 'eBay' (selected), 'Yahoo', 'eBay Motors', 'eBayStores', and 'Andale Store'.
- 3. Auction Type:** Radio buttons for 'Auction' (selected) and 'Fixed Price'.
- 4. Listing Details:** Includes 'Category1' and 'Category2' (each with a 'Browse' link), 'On Market Title', 'Quantity', 'Duration' (set to 1 day), 'Min. Bid', 'Res. Price', 'Buy It Now', 'eBay Store Category', 'On-Market SubTitle' (with a note '(extra \$0.50 eBay fee)'), and 'Immediate Payment' (checkbox for 'Require Immediate Payment for this Auction' with a 'what's this?' link).
- 5. Market Profile:** Includes a 'Market Profile' dropdown (set to 'No Market Prof') and a 'Create New' link.

2.1 Enter Your Item Details

The Item details section contains your inventory and stock information.

- Enter your SKU or select to Browse existing inventory to choose an item. The SKU is typically your inventory item number.
- Enter your Ad Name. Your Ad Name is not displayed to your bidders, but is for your reference only.
- Enter the Quantity in Stock (Optional)
- Enter your Cost (Optional)

Tip: Your Ad Name will be displayed next to your SKU, you can use this as the product identifier. Thus if the manufacture has an SKU of 112-342 and the product description of BLUE TARP 20 x 20, you could utilize the Ad Name of Blue Tarp 20x20.

2.2 Select Market

The Select Market section contains the markets currently supported by Andale Lister Pro. For the purposes of this manual, we have selected eBay as the Market.

- Select the Market

2. Select Market

2.4 Enter Listing Details

The Enter Listing Details contains your market categories, title options and pricing options.

- Select your Category and Subcategory
- Enter your On Market Title. This will be the title of your item visible to buyers
- Enter Your Quantity. If you enter more than 1 item for eBay Auctions, your item becomes a Dutch auction.
- Select the Duration of your Listing
- Enter the Minimum Bid
- Enter the Buy It Now Price
- Enter your Reserve Price
- Enter your eBay Store Category (if you have an eBay store, entering this information will allow you to quickly move between auctions and store and you will eliminate a step in the future)
- Enter an On-Market Subtitle

FIGURE IV. Enter Listing Details

Tip: eBay charges additional fees for many of the above items. There are currently fees for a second category, Buy It Now, Reserve Price and Subtitle. Please make sure you are aware of eBays Pricing Structure.

2.5 Select Market Profile

Market Profile allows you to eliminate redundant work.

Once you have created a Market Profile, select it from the drop down menu when creating your ad. The Market Profile will fill in any information you have entered for that profile. Create as many templates as you would like. For instance, if you use eBay Gallery occasionally, you may create a Market Profile named “Ebay Gallery” and another profile named “No Gallery”.

Once you have created profiles and used them a few times, you’ll find yourself creating additional Market Profiles to save even more time.

Each Market Profile you create will be available from a drop down menu, simply select the template you wish to use.

To begin, select CREATE NEW

- Name Your Profile
- Enter Your Location
- Select Your eBay Gallery Options

- Select Your Marketing Features (Optional)
- Select Gift Services (Optional)
- Selection of Private Auctions (Optional)
